

■■ UnchainedPay (\$UPAY) Roadmap

Vision

UnchainedPay (\$UPAY) is designed to be the financial backbone of the Pepe Unchained ecosystem, bridging trading, payments, and gaming. Our mission: make crypto as easy and intuitive as sending a meme — combining fun with true utility.

Phase 1 — Foundation & Community

Launch of \$UPAY on Pepe Unchained; branding, official website and meme campaigns; initial airdrops; Telegram trade detection bot; on-chain analytics integrations.

Phase 2 — Trading Tools Layer

Free community token tracking bot; premium customizable bot for top holders; snipbot with automated trading for new listings (threshold-based); advanced stats on whales, holders, and volume.

Phase 3 — Payments & Utility

Swap / Bridge / Payment widget for Pepe Unchained; Wallet Connect + QR code payments; Telegram/Discord tipping bots; merchant plugins (Shopify, WooCommerce); merchant dashboard.

Phase 4 — Ecosystem & Gaming

\$UPAY integration in Pepe Unchained: in-game items, skins, and passes; NFT marketplace; premium subscriptions & VIP access; on-chain escrow for services; cross-token bridge PEPUS ↔ UPAY.

Phase 5 — Expansion & Super-App

Unchained DAO governance; launchpad for meme projects funded in \$UPAY; UnchainedPay App for Android & iOS: token trading, token creation tools, payments, bridge, swap, tipping and gaming hub.
