

TERMS OF USE & ALLOCATION STATUS

2.1 Private Registry Scope

The website letatzero is operated by Letatzero Ltd. Access to the Platform and entry onto the Voyager 01 Private Registry is strictly restricted to high-income corporate executives, sovereign founders, legal professionals, and institutional decision-makers operating under high cognitive loads.

2.2 Pre-Allocation Framework (No-Commitment Reservation)

By entering your name and corporate email to "Reserve Voyager 01" or "Request Entry," you are registering a non-binding expression of interest to secure a provisional allocation slot for our initial production run. **This registration does not constitute a legally binding commercial transaction, financial deposit, or contract of sale.**

2.3 Scarcity & Allocation Revocation

Our initial manufacturing and botanical maturation cycle is strictly capped at 100 hand-poured, individually numbered units. letatzero reserves the absolute right to cancel, adjust, or revoke any provisional allocation slot at our sole discretion if:

- The submitted corporate email address or institutional coordinates fail our verification standards.
- The applicant is found to be attempting mass batch duplication or retail automated resale.

2.4 Intellectual Property & Proprietary Rights

The brand names Letatzero are proprietary commercial trading names operated under common-law trademark protections. All original textual copy, clinical descriptions, structural layout formulas, and digital lookbook assets displayed across this Platform are the exclusive intellectual property of letatzero and are protected automatically from the moment of creation under the UK Copyright, Designs and Patents Act 1988. Any unauthorized duplication, digital scraping, or commercial plagiarism is strictly prohibited and will be met with immediate legal cease-and-desist enforcement.
