The largest threats, that are using and flaming everything going on, from the virus response, to migration overrunning countries, to labeling anyone they can a Dissident are :

1. UN's Agenda 2030
2. the WHO's Pandemic Treaty
3. Central Bank Digital Currency

excepted, if they did not use CRT (critical race theory) in schools and later as DEI (Diversity, Equity, Inclusion= the three stooges of fraud) in work spaces and social media (that flamed violent protests, like BLM, FFF and Antifa)) as a vehicle of mass distribution.

It will be a flexible framework, for the basis of civilian and cooperate social credit scoring.

2. WHO will help the UN framework by bypassing nation laws and sovereignty. The Virus response with Swine- and Bird flu were dry runs, COVID was launch.

Testing obedience by forcing IDs for health status, also allocating huge sums, to finance the prototypes of digital passports.

3. CBDC will be designed to mass survey humans. It will use the digital passport as a hub to centralize all personal relevant data. Mass looting and violent protests will soften the acceptance of this tool and of mass surveillance in general.

It will use ESG as its guide rail.

After the deliberate destruction of the FIAT monetary System, it will be the one ring to rule them all.

We are being distracted from pushes being undertaken, to establish these instruments.
